Dear Parent / Guardian,

Contributions towards Technology: GCSE Food

You will be aware that the funding received by all schools has been cut in recent years. As time has gone on, this has had an impact on the resources that we as a school can provide. In order to make sure that we continue to offer the best possible opportunities for pupils in Technology, we are this year asking for a voluntary contribution towards cost of materials used in these subject areas.

For this academic year we are asking for a one off voluntary contribution set out below. This will also cover costs of any takeaway containers provided. Alongside these contributions we would ask that students taking Food technology bring in the non-store cupboard ingredients into school when they are cooking. Ingredients required for each practical are always listed in advance on show my homework.

We would appreciate it if contributions could be handed in to Mrs Kendal by 16th October 2017.

Contributions: Years 9 & 10 £20

If you wish to pay the above amount by cheque, then the cheque should be made payable to 'St Patrick's Catholic College'. The reply slip below, together with either cash or cheque, should be handed in at the finance office.

I would like to stress that this is purely voluntary contribution and you should feel under no obligation to pay. However, any contributions received will significantly help resourcing this expensive subject.

If you have any questions, please do not hesitate to contact me.

Yours sincerely

Mrs C Greathead
Head of Design & Technology Department

Contribution towards Technology: GCSE Food
